Honorary Committee

*Vítor Aleixo
President of
Municipality of Loulé*

Loulé is a Municipality that offers natural and climatic conditions for sports, high-quality infrastructures for several sporting disciplines, as well as an international recognition as a dynamic and eclectic territory. Talking about sports in Loulé means talking about major sports events. Hosting in 2020 the World MTBO Championship, the municipality of Loulé is participating in another great international sport event, being also associated with the most important competition of this specific sporting discipline.

For Loulé it's an opportunity to promote the diversity of the territory and the variety of its natural resources. The beauty of the landscapes of the interior will certainly impress the athletes and teams that will come to Loulé for the Championship, giving an important attention to the interior areas, as Barrocal and Serra.

To develop the economy of the interior, it's necessary to promote its potential to outsiders, as its cultural richness, its traditions, the quality of its products and food. Loulé has several natural areas environmentally classified, footpaths, fountains, small typical villages, a rich fauna and flora and a kind and welcoming community, factors that have been essential to the development of nature tourism in the municipality.

So, it's a great honour for the municipality to be associated to the Portuguese Federation of Orientation (FPO) and I greet all athletes, teams and families who come to Loulé for the MTBO.

Welcome to Loulé!

*António Amador
POF President*

On behalf of Portuguese Orienteering Federation, I wish you all a warm welcome to the World MTB Orienteering Championships 2020 in Loulé – Portugal – 2 – 8 October 2020.

During last year's Portugal had the pleasure to organize several successful events. Our organization quality is well recognized and the International Orienteering Federation, once again, trusted us a major event like this World Championships.

The event will be hold in Loulé a likeable town, which offers fascinating tourist attractions, a traditional Portuguese market and a delightful historic center.

We believe that the technical quality of the terrains that will be used and the organizational quality of all the volunteers involved will once again, organize a successful event that will be of overall satisfaction.

We wait for you

6. Participation & Classes

- Competitors participate at their own risk. Third party insurance and personal injury insurance is mandatory and shall be the responsibility of their federation or themselves, according to national regulations.
- All competitors must have a valid passport of the country they are representing.

World MTBO Championships:

- There is one class for women (WE) and one for men (ME). There are no age restrictions.
- In the Mass start, Middle distance and the Sprint every Federation may enter a maximum of 6 riders in each class and, in addition, the current World Champions for the distance may be entered by their Federation(s).
- For the Long distance competition, the number of competitors who may enter is limited. The qualification rules are explained in the *Procedure for allocating WMTBOC long distance start slots*, see: http://www.mtbo-commission.com/uploads/1/5/9/9/15996872/2020_procedure_for_allocating_wmtboc_long_distance_start_slots.pdf.
- In the relay, each Federation may enter up to 2 women's teams and 2 men's teams each consisting of 3 riders. Only the team with the best result is considered in determining the placings.
- Each competitor must have a valid IOF Athlete License.

Junior World MTBO Championships:

- There is one class for women (W20) and one for men (M20). Only competitors who are no more than 20 years old on 31 December 2020 are entitled to compete in the classes W20 or M20.
- For each individual competition a Federation may enter a maximum of 6 competitors in each class.
- In the relay, each Federation may enter up to 2 women's teams and 2 men's teams each consisting of 3 riders. If a Federation is represented by two teams in a relay class, only the team with the better result is considered in determining the placings.

European Youth MTBO Championships:

- Competitors representing member Federations of the IOF, defined by the International Olympic Committee as belonging to the European continent, can compete in EYMTBOC.

WMTBOC'20 – JWMTBOC'20 – EYMTBOC'20

Bulletin 1 and 2

Competitors representing other member Federations of the IOF can participate in EYMTBOC but will not be eligible for European titles, medals or diplomas.

11. Embargoed areas

Embargoed Areas from May 2019 till 8 October 2020

Below is an overview of the embargoed areas. Detailed maps of all embargoed areas can be found on the organiser's website <http://www.mtbo2020.fpo.pt/>

The areas marked on the map are embargoed for all orienteering activities, unless specifically permitted by the organiser. The embargoed areas are out of bounds for all potential participants and team members, including competitors, team leaders, coaches, doctors, escorts, and any other person with a potential connection to a team (athletes or others). This means that all potential participants and team members are not allowed to visit these areas with or without a map at all, regardless of whether it is an orienteering activity or a training session, a walk with the dog or a leisurely Sunday stroll.

Loulé city center may be visited on foot or by car without an orienteering map; any orienteering or MTBO activity, cycling, running, using a map or testing route choices are forbidden.

12. Terrain description

13. Competition rules

All events will be organized in accordance with the Competition Rules for IOF MTB Orienteering Events' as published by the IOF, the Special Rules for the World Cup in MTB Orienteering and the IOF Anti-Doping Rules valid at the time of the Event. IOF MTB Orienteering Competition rules are available on: www.orienteering.sport.

Summary of the most important rules:

- Riding off the track, trail or path is allowed in areas marked as forest or freely rideable open area. Off road riding is strictly prohibited in all other areas, including settlements, cultivated land, orchards, vineyards and all other open areas not marked as ride able. Competitors riding off road in restricted areas are responsible for any damage claimed by the landowners and will be disqualified.
- In Portugal one drives on the RIGHT side of road.
- Therefore riders must ride on the RIGHT side on all roads and tracks.
- Overtaking slower riders should be done by the LEFT.

14. Time keeping system

SPORTident Air+ (range: 1,5m) will be used on all events with SI-Card and compatible Control Stations.

SI cards can be rented from Organizers for €15 / for the event (€80 deposit).

15. Anti-Doping

Doping is strictly forbidden, and the organizers of World Cup MTBO & WMTBOC, JWMTBOC, and EYMTBOC are dedicated to supporting the anti-doping authorities in their work.

Doping controls may be carried out any time during the competition period. As some sites for the doping controls may be a few minutes' drive away, we suggest that athletes are prepared at all events to take along some dry clothes to change into after their race.

Doping tests are always carried out in accordance with the procedures described in the WADA International Standard of testing. The IOF Anti-Doping Code and rules apply as of 1st January 2015.

Athletes who are selected for the doping tests must bring an official identification (with photo) to the doping test area. Accreditation cards with photo can also be used for this purpose. The athlete should also bring along their therapeutic use exemption (TUE) if applicable. In general, it is advisable that the athletes bring along their ID to all the competitions and events."
